CITY NEWS.

General Hospitals of Louisville, Ky.
J. G. Shumard, Surgeon U. S. volunteers,
Medical Director District of Kentucky; H. Evers,
Assistant Surgeon U. S. volunteers, assistant
Medical Director; J. N. Bach and Wm. F. Miller,
Surgeons U. S. A., in charge of the hospital
located on the 11th street, and reached
Bardonia on the night of the 13th. The
command rested in Bardonia on the 13th,
scouts in the meantime being sent out in all
directions. On the 14th Capt. Wats divided
his entire command into two scouting parties
—one under his immediate command and the
other under command of Capt. Hetzel— and
scoured the country east and west of the city
for miles around without finding any force of
armed rebels. Beyond Mt. Washington Capt.
Wats arrested two men, who acted very suspi-
ciously. They gave their names as Wigan-
ton and Hubbard. Upon the person of one of
these men was found a strange alphabet
and some Confederate money. Near
Bardonia they arrested a rebel soldier
dressed in citizen's clothing. The three pris-
oners were brought to this city and placed in
the military prison. On the 15th Capt. Wats
intended to take his whole command and
scour the country on the south side of the
Fork, but, receiving orders from Camp Nelson
to return to the city immediately, he did not
do so.

Capt. Wats learned from citizens in the
neighborhood that small squads of rebels are
constantly going and coming on the Spring-
field pike. They are generally going in the
direction of Bloomfield and Chapin. There
are also a number of small bands of guerilla
on the south side of the Fork, at Holly
Creek Church and Phoenix Mills, on the river.
All the country near Bardonia and Mt.
Washington is overrun with small squads of
guerilla, but all reports of any large armed
force being in the vicinity are exaggerated.
It is reported that the various small squads
are concentrating at Bloomfield for the pur-
pose of making a raid. There should be con-
stantly stationed at Bardonia, or in that
neighborhood, a sufficient force of cavalry to
protect the citizens against these thieving
bands.

THE UNITED STATES CIRCUIT COURT.
The United States Circuit Court Judge Bil-
lard presiding, convened in this city on Mon-

Combs. This suit was for judgment to amount

ture loyalty of Combs, who afterwards

dered in favor of the Government. Judg-
ment was also rendered against Thomas E.
Wood and Wm. Hillman for forfeiture of
bonds—\$250 each. The Government obtained
judgment against the following persons in
possession cases: John W. A. McGarvie, Geo.
W. Upton and Wm. H. Seville. The following
persons were fined for failing to take out
licenses under the internal revenue act:

cases were called and continued. The court

THE COURT OF INQUIRY.—Owing to the fact
that the Federal court-room is occupied by
the United States Circuit Court, which com-
menced on Monday, the court of inquiry has
removed to the Council chamber, at the cor-
ner of Sixth and Jefferson streets. Yesterday
the following witnesses were examined:
Lieutenant-Colonel Duce, Major Lowy,
Major Thuston and Capt. Michael Patrick.
The testimony is being taken as fast as pos-
sible, and the court will probably finish his
labor about the last of the month.

BARRECKS ITEMS.—Three hundred and fifty
recruits from Columbus, Ohio, ninety-five
convicts from different points, en route
for the front, and eleven deserters from Cin-
cinnati, were received at the barracks yester-
day. Four hundred and twelve recruits and
convicts were sent forward to join their
respective regiments, and forty-nine pris-
oners were sent off in irons, as follows: Thirty-
eight to Nashville, seven to Lexington and
four to Bowlinggreen.

GOOD SALES OF TOBACCO.—Yesterday, among
the sales of Pogue, Caldwell & Co.'s Louisville
warehouse, were twenty-five hogsheads of
Tage county tobacco, averaging \$18 40, in-
cluding taxes. In the lot were two hogsheads
grown by G. S. Wharton, which sold for \$25
and \$30 75 One grown by T. B. Wilson
brought \$25 25 per hundred.

FIRE IN JEFFERSONVILLE.—The alarm of
fire in Jeffersonville, yesterday morning, was
occasioned by the burning of a frame dwelling
occupied by Mrs. Calvin Gibson. The house,
with its entire contents, was consumed. The
husband of Mrs. G. is now, and has been since
the commencement of the war, in the army.

THE WEATHER.—The change in the weather
yesterday was very sudden, the mercury in the
thermometer falling as low as ten degrees
above zero. A strong wind was blowing all
day, with the dust, made it very disagree-
able on the street.

ACCIDENT.—A soldier fell from the train on
the Jeffersonville railroad Monday night, about
three miles from Jeffersonville, the car pass-
ing over both legs. The unfortunate man
lived but a few moments. We are unable to
give his name.

ON next Monday night, February 22d,
a grand civic, military and masquerade
ball will be given at Masonic Temple. Every
arrangement has been made, and it will no
doubt be the grandest affair of the season.

WE learn that all the prisoners of war
now confined in the military prison in this city
will be sent North in the course of a few
days.

RETURN OF THE EXPEDITION SENT TO BARDSTOWN.

No Guerrillas Found.

Reported Movements of the Rebels.

On last Thursday, the 11th inst., informa-
tion was sent to Col. Bruce, the commander
of this post, that there was a considerable
force of guerrillas in the neighborhood of
Bardonia, and he immediately dispatched
Capt. W. Wats, of company E, Thirty-seventh
Kentucky, with one company of the Ninth
Ohio cavalry, to Bardonia. The expedition
left this city on the 11th inst., and reached
Bardonia on the night of the 13th. The

Amusements.

WOOD'S THEATRE.—Notwithstanding the severe
weather, the theatre was filled with the beau-
tiful and fashionable of the city in attendance last
night to witness Mr. John E. Owens in his great
part of Dr. Pangloss, in the standard old comedy
of "The Heir-at-Law." The comedy was placed
on the stage in a manner worthy of imitation by
more pretentious productions. Mr. Owens, who
has been a successful actor, while Mr. Pettie
(a new face) as Lord Dabery, stamped himself as
an actor of no ordinary merit. Miss Ada Grey as
Cleopatra, as usual, rendered the part with
that same charming and natural manner that en-
trances all beholders. Tonight Mr. Owens ap-
pears in the comedy of "The Victims" and the
"Yankee Tomcat."

LOUISVILLE THEATRE.—Night after night large
audiences assemble at this popular place of
amusement to witness the performances of the
great artists, J. W. Wallace, R. L. Davenport and
Mrs. G. Farren. Wallace's great tragedy of
"Hamlet" was performed last night in a style
that gave entire satisfaction to the audience, every
character being fully sustained. To-night the beau-
tiful drama of the "King of the Commons" will
be performed. Mr. Wallace appearing as "King
James" Mr. Davenport as "Buckle Weir" and Mrs.
Farren as "Madeline Weir."

THE ALLEGHANIAN.—Our readers should not
forget that this celebrated actor's first performance
in our city on Friday evening next. This band com-
posed of loaded with prizes from both the public and
the press, and we bespeak for them crowded houses.
The Rev. John J. Griffith, D.D., rector of St. Paul
Church, San Fernando, Trinidad, speaking of the
troupe, says:

"The places selected were chosen, as are all the
pieces performed by these artists, and the senti-
ments of a pure and elevating character. Above
all other popular amusements, music should re-
ceive the liberal patronage of every community.
It brings influence, stops not alone with amuse-
ment, but takes the mind and feelings for a higher,
purer and more lasting enjoyment. It prepares
the recipient alike for religious devotion and for
the more refined enjoyment of social and do-
mestic life. It is a noble and sublime art, and
deserving the most commendable respect and patronage
of the public."

THE STATE DEBTS.—The Ways and Means
Committee has introduced a bill to pay
Pennsylvania \$700,000 for the militia called
out to protect Pennsylvania from Lee's in-
vasion. Upon that followed a long debate, di-
closing very important facts. It appears there
are two classes of claims upon the Govern-
ment from the States—one under the act of
July 31, 1861.

When the claims amount to.....\$26,458,451
Paid on which.....6,830,921
Leaving.....\$19,627,530
The States which have been paid are:
Vermont.....\$1,613,768 38
Connecticut.....1,243,750 00
New Jersey.....866,700 00
Virginia.....36,319 24
Illinois.....26,541 75
Iowa.....39,217 92
Wisconsin.....56,540 99
Minnesota.....3,950 00
New Hampshire.....245,875 70
Ohio.....1,690 00

New York, Pennsylvania, Kentucky, New
Hampshire, Maine, Massachusetts, Rhode
Island, Michigan, Kansas and Indiana have
the additional claim of \$15,107,921 confirmed.
But besides these claims there are for mil-
lions of dollars.

DISAPPOINTED IN PARSON BROWNLOW.—The
Meridian (O.) Recorder, a Republican paper,
is disappointed in Parson Brownlow and his
paper. The following has a little bit of spice
and pepper in it, and as Ben Johnson said to
Sylvester, "If it doesn't rhyme, it's true."
We have been sadly disappointed in Parson
Brownlow's Knoxville Whig and Rebel Ven-
ditor. We had expected to do more injury
than good to the cause of the Union, and
are surprised to see respectable family
newspapers quoting from his columns such
extraneous matter as "Gone with the Wind,"
"Three Little Girls," "The Villainous
Clergy," "Hell Fire for the Rebels," &c.
The general tone of his editorial is re-
fract, almost disgusting, to readers of re-
ligious and brazen-faced truthfulness, and we
do not regret to see his name mentioned in
connection with Longstreet's recent advance upon
Knoxville.

CANADIAN CENSUS STATISTICS.—The census
of Upper and Lower Canada, which has just
been taken, gives the following result:
Upper Canada.....1,306,091
Lower Canada.....1,110,044
Total.....2,416,135

The French element in Lower Canada,
which holds its own remarkably well, as the
following figures show:
Native of French origin.....847,520
Natives not of French origin.....1,568,615
This shows how much slower diverse na-
tionalities assimilate in Canada than they do
in this country.

The prisoners confined in Camp Mor-
ton were last week on the eve of making
their escape, but fortunately their plan was
discovered in time to prevent it. They had
dug tunnels about twenty feet long, of easy
egress, by which they could emerge on the
outside of their inclosure. One of the guards,
on discovering a head emerging from a hole
in the ground, fired with fatal effect, killing a
prisoner by the name of James Brannith. This
led to the discovery of the plan.

The Secretary of War, in answer to a
resolution asking the number and rank of
regular and volunteer officers drawing com-
mission, fuel and having quarters in Wash-
ington, has sent a communication to the Sen-
ate, showing the number as follows:
Major-Generals, eighteen; Brigadiers-
General, thirty-four; Colonels, eighty-two;
Lieutenants-Colonel, twenty-four; Major, one hun-
dred and twenty-six; Captain, forty-three;
Lieutenant, one hundred and twenty-two;
assistant surgeons and seventy-nine paymasters.

In Idaho nothing goes as a circulating
medium but gold dust. Every man carries
with him a little black-skin pouch, and no matter
what his purchase is, pays for it in the precious
legal tender of the realm, which is weighed
out on scales kept for the purpose, whether
the article bought be a cigar, a horn of whiskey
or something of more utility and value.

The Pittsburg coal diggers have had
another strike, this time for five cents a bush-
el, and have obtained their demand. The
Chronicle says they threaten to ask for six
cents next month, and adds that the end of
these extortions will be the introduction of
some kind of machinery that will do away
with a large amount of human labor.

A whole family were poisoned in New
York the other day by eating raw ham, and
one of the number died. A microscopic ex-
amination of the ham showed that it was in-
fected, and filled with a kind of insect known
as "trichinae," although to the eye it ap-
peared perfectly healthy.

A justice of the peace in Washington
county, Pennsylvania, during a period of
thirty-three years married one hundred and
twenty-nine couples, mostly runaways from
the "Virginia Penitentiary." What an accumu-
lation of domestic misery must have been laid
to his charge.

The Paducah railroad has been re-
paired, and trains are now running regularly
from Union City to Paducah, thus giving
daily railroad communication between the
latter place and Columbus.

Jones, the Cincinnati sculptor, has
just finished a fine bust, draped, of Secretary
Chase, which will at once be put in marble,
by order of the friends of the Secretary in
Washington.

SENATE.

WASHINGTON, Feb. 15.

Several petitions were presented, including one to the Milwaukee Chamber of Commerce to ship canal on the American side of Niagara Falls.

A bill was introduced and referred to the Military Committee, providing for the payment of pay of chaplains in the army to be the same as a major of infantry, and defining their duties, etc.

A bill for the employment of national force, with a House amendment, was taken up. The Senate refused to read it from the previous day's debate, and the bill goes back to the House.

The deficiency bill was then considered. An amendment to the effect that all Assistant Secretaries be \$3,000 per year was adopted. Subsequent amendments were rejected.

The bill for the Second Assistant Postmaster General, increasing the salaries of all to \$3,000.

The bill as amended was then agreed to.

HOUSE.

The House then debated on the whisky tax, which lasted until midnight.

No vote was taken on the Senate's amendment.

ST. LOUIS, February 15.

The Fifteenth Missouri veteran volunteers arrived from Chattanooga this afternoon.

They received a most hearty and enthusiastic reception. They were received by a large committee of citizens and escorted through the city by the city authorities.

The committee of citizens, who were met by the city authorities, were provided with flags, presented. The streets were thronged with people, and flags were waved from every house.

Gen. Rosecrank, who was met by the city authorities, was formally received by Governor Harris, General Brown, and committees from both branches of the Legislature, and escorted to the Hall of Representatives, where he made a speech to a joint session of the assembly.

He said that the great object to be attained in the State now is the restoration of peace and order, and invited the members to give him information of the condition of affairs in their respective sections, and their judgment as to the best means for the accomplishment of that object.

The telegraph is completed to Little Rock, Arkansas, via St. Louis and Fort Smith.

WASHINGTON, Feb. 15.

The Navy Department has received the following:

NEWPORT NEWS, Feb. 14.

To the Hon. Gideon Welles:

The packet has arrived and brings the report of the destruction of four blockade runners—the Westfield on the 4th of February by the Sashcocks; on the 5th of February, by the Cambridge, the Essex and Fanny and Jennie; on the 10th, by the Florida.

(Signed) S. F. LEM.

The Westfield is an iron, paddle-wheel steamer of about four hundred tons burden, and is a new, fine and powerful boat. She sailed from London on the 1st of February, and was built especially for Southern trade, at London. She is a new vessel, light draft, and could run eight or ten miles an hour.

The Fanny and Jennie is the old prize Scotia, captured in October, 1862, condemned and sold to outside parties, and was used for naval service. Her name was changed to 6166 Banks and taken to Halifax. She sailed from there on the 1st of February, and was captured on the 10th of February, and is now being run under the name of Fannie and Jennie. The Emily is a new screw steamer, built in London, and is a handsome boat, about 300 tons burden.

WASHINGTON, Feb. 14.

Representative Hall, of Pennsylvania, and Senator Davis, of Kentucky, have severally introduced bills similar in substance, and which are before the Committee on Claims in this House, and are now being considered.

The House will probably accept the bill for the destruction of property by the rebels, and will pass it on to the Senate.
